### ACE PERSONALISED 10/20/30/40

Personalised classes are 'made to order' on a one-to-one basis. Student and teacher fill out a Needs Analysis form to give as much information as possible about what the student expects from their lessons. This helps the teacher plan a more personalised programme. Since it is one-to-one, students can choose exactly what they want to concentrate on - this could be anything from intensive work on pronunciation, grammar, vocabulary, speaking or listening, to more specialised areas like business or social English or exam preparation. As well as improving personal language weaknesses, one to one means that the teacher gives students undivided attention resulting in much faster advancement than in a normal class.

# LEISURE

Every week a number of social activities for students are available at the school and our leisure staff is always available to provide the necessary information about our leisure programme. ACE English Malta offers its adult students a comprehensive leisure programme which is aimed at satisfying all the students' varied tastes whatever their preferences. These activities are a very important part of learning English as students will practise what they would have learnt in class in the real world. Our staff will bring students together and to the culture of Malta and help them make new friends and experience local traditions.

A typical weekly programme would include visits to Valletta and Mdina, a beach trip and a boat party in summer; a jeep safari and a trek around Malta's countryside in winter. Evening activities such as concerts, a visit to a village festa, a traditional Maltese meal or a visit to a popular nightclub are also available. Apart from regular outdoor activities like golf, tennis and football there are also plenty of indoor options such as spas, getting fit at the gym, watching the latest films at the cinema or challenging friends to an evening of bowling.

The Maltese Islands' clear blue Mediterranean Sea is ideal for scuba diving. All three islands offer unique diving experiences with an abundance of reefs, caves and wrecks that make dives here some of the most interesting in the Mediterranean and around the world. Sailing is another very popular activity which students might want to try sometime during their stay in Malta.

# JUNIOR COURSES

ACE English Malta offers an eclectic methodology emphasizing a student-centred approach that engages our younger students and motivates them to attain communicative proficiency quickly and effectively. All our age-appropriate lessons are presented on interactive whiteboards with unique lessons that are produced in-house. It is these state-of-the-art lessons that make us uniquely different to other schools.

The standard course included in the Junior Programme is the General English 20 course for juniors. The daily classes are held from Monday to Friday. The focus is primarily on spoken English; students will learn functional English to help them in real social situations. Special attention will be given to useful vocabulary for the daily activity or excursion.

Lessons are motivating and also develop the skills of reading, writing and listening. All ACE English Malta's lessons are leveled. They are highly interactive with visual clips used to make them less formal and more stimulating.

Our experienced teachers also encourage students with project work and other team based activities in order to achieve the main aim of the course. Every student completes a project to take home with them as a record of their brilliant time in Malta. This way parents can share in their child's experience and see just how much they have learnt. Students also take part in English conversations and discussions not only with the teachers and leaders but also with their peers. The maximum number of students in class is 15. This allows for greater participation and a greater degree of individual attention.

Times of lessons are at the discretion of ACE English Malta.

## ENGLISH + ARTS & CRAFTS ENGLISH + DRAMA

Twice weekly ACE English Malta organises classes for the junior students aged 4 to 11 years old. They will first be treated to a snack by one of our dedicated staff members followed by sessions of arts & crafts and/or drama. We are not talking about achieving Oscar winning performances here, but the opportunity for a child to gain the confidence and self-esteem needed to use English spontaneously by means of a fun approach through theatre work. Drama encourages children to communicate, even with limited language, using non-verbal communication, such as body movements and facial expression to add dramatic effect. Children also love doing crafts - our hands-on craft lessons create a relaxed atmosphere for language learning, allowing absorption of real language for a real purpose. They allow children to focus on their cutting, pasting and colouring activities and are a great way to help internalize new vocabulary. Children feel a great sense of achievement when they have finished their crafts and parents see that they have been doing fun, creative work.
